

Venture Three, Inc.

By-Laws, Article XI, Section 3 (cont.)

Amended Rules and Regulations

As Amended January 17, 2024

These Rules & Regulations contain amendments to sections:

Changes throughout Appendix E.

The rules and regulations hereinafter enumerated are the Amended Rules and Regulations of Venture Three, Inc. and shall be deemed in effect until further amended by the Board of Directors and will apply to and be binding on all unit owners and tenants. All prior versions of the Rules and Regulations of Venture Three, Inc. no longer have any force or effect and are replaced in their entirety by these rules and regulations. The owners will at all times obey said rules and regulations and use their best efforts to see that they are faithfully observed by their families, guests, invitees, tenants, and persons over whom they exercise control and supervision. A current copy of these rules is available on the Venture 3 website (www.venture3.org) at the Venture Three Inc. office.

Said rules and regulations are as follows:

PREAMBLE

The By-Laws (of which these Rules & Regulations are an integral part) determine & define what can and cannot be done both as an Association and individually. Any condominium association could not function without governing documents. The By-Laws & Rules have been established for the protection of your rights. But they equally establish the protection of those rights for the other owners.

Our governance is set forth by the Condominium Act, Chapter 718 of the Florida Statutes. The purpose of the chapter is:

- (1) To give statutory recognition to the condominium form of ownership of real property, and,
- (2) To establish procedures for the creation, sale, and operations of condominiums.

Each year at your Annual Meeting, you elect persons to serve on a 9-member Board of Directors. That Board, on your behalf, has entered into a Management Agreement with a management corporation, Venture Three, Inc., for the overall management of the common elements and the finances of the Corporation. That management corporation has a President and a Property Manager. It is these 11 people for whom it has become expected that they will provide the enforcement of the By-Laws of your Association. Ten of these 11 people are volunteers who are, for the most part, retirees who volunteer their services & time for the betterment of the community.

In order for a community like ours to exist and function in harmony and order, every owner is expected to familiarize him/herself with the content of the By-Laws and the Rules & Regulations. These documents provide the basis to prevent problems and issues between the owners, tenants, & guests, as well as to provide the procedures to resolve problems fairly as they might arise. The Board of Directors, the President of the Association and the Venture Three, Inc. Property Manager can provide effective oversight of the Association only if the owners & residents are aware and involved. Your cooperation in understanding the By-Laws and Rules & Regulations and in helping with enforcement to the extent you are willing & capable, is greatly appreciated by the aforementioned 11 people.

Under no circumstances may someone buy liquor for an event and then get reimbursed by the association.

5. Rental of Units & Responsibilities for Tenants & Owners

5.A Advance Information Requirement, Tenant Registration & Checkout

5.A.1 Owners Responsibility It is the unit owner's responsibility to submit to the Office a fully filled out rental information form not less than seven (7) days before commencement of a rental. In all rentals handled through a real estate agent instead of the unit owner, the agent shall timely submit the rental information form to the office on behalf of the owner. Notwithstanding the agent's duty, it is the unit owner's ultimate responsibility to see that the rental information form is properly filled out and timely submitted. The Rental information forms to be filled out prior to any rental may be obtained from the Venture Three, Inc. office.

5.A.2 Notification It is the responsibility of the unit owner, prior to the day their tenant is scheduled to arrive, to advise the tenant that all tenants, upon entering the Park and prior to taking occupancy at the rented unit, are required to register at the office to be in compliance with Florida Statutes requiring condominium associations to maintain a list of who is present in the park and when they are there. Unless established at registration, tenants are required to advise the Office of their departure prior to the conclusion of their rental period.

5.A.3 Upon entering the Park all tenants before taking occupancy of the rented unit are required to:

- 5.A.3.a Complete the registration process at the Venture Three, Inc. office. In the event the Venture Three office is not open at the time of arrival, the tenant must complete the registration process no later than the first business day after arrival in the Park.
- 5.A.3.b Pay a non-refundable registration fee shown on the Venture Three Fee Schedule. This one fee applies to the renting family/group, all of whom are to be registered to comply with Florida law. The fee applies to the entirety of each contiguous rental period regardless of duration.

- 5.A.3.c If the tenant wishes to use the Fitness Center or the Woodshop, the tenant must bring the key fob, provided by the owner, to the Venture Three office and sign the current waiver/release forms in order to have the fob enabled. For the Woodworms Workshop the tenant must also pay a usage fee as shown on the Venture Three Fee Schedule. Tenants shall be responsible to comply with all age restrictions and other use rules for both of those facilities. (See Rules 3.E. and 3.F.) Failure to comply with the rules, including but not limited to allowing unauthorized individuals to have access to the facilities shall result in forfeiture of the right to access and use those two facilities and demand for immediate return of the access keys.
- 5.A.3.d Receive and acknowledge receipt of a Welcome to Venture Three, Inc. packet that will include, but not be limited to, a summary of basic general rules, pet rules, and vehicle rules that must be complied with during the rental period. Tenants are required comply with all published rules of Venture Three, Inc. and those of the residential Constituent Association where the rented unit is located. It is the Unit owner's responsibility to provide the tenants with a complete and current set of all applicable rules.
- 5.A.3.e **Pets** For all pets that will be at the rental unit at any time during the rental period, the tenants, at registration, must provide proof of vaccination, if such proof has not been provided prior to the rental commencement. For dogs, the proof of current vaccination shall include rabies, DHLPPC, and kennel cough. For cats, the proof of current vaccination shall include rabies. The tenant shall pay a \$5.00 non-refundable pet registration fee for each pet being registered. Unregistered pets belonging to the tenant or to a guest(s) of the tenant are not allowed at the rental unit.
- 5.A.3.f **RV Siting** In all cases where the unit being rented is a vacant lot and the tenant will be placing a recreational vehicle (motor home, 5th wheel trailer, or travel trailer) on the unit, an RV escort will be provided by the Venture Three office to assist the tenant in locating the unit being rented, and, to provide assistance in placement of the recreational vehicle properly on the unit within the applicable setbacks and in compliance with any/all applicable siting rules and any maximum RV size rules that have been or may be adopted by the Constituent Association where the rented unit is located. Any recreational vehicle placed on a rented unit without the use of an RV escort may be required to re-site the recreational vehicle to bring its location on the unit into compliance with setbacks and siting rules of Venture Out at St. Lucie, Inc. or Venture Out at Indian River, Inc.

5.A.3.g **Parking** All tenants and guests of tenants shall observe and follow the parking rules as established in published rules approved by the Constituent Association in which the tenants/guests reside. In general, there may be specific restrictions that limit parking of daily transportation vehicles, golf carts, boats, PWC, tow trailers, tow dollies, utility trailers, and the like on lots or at units. Any vehicle which is approved for the location may under no circumstances overlap onto the roadway when parked. All tenants who have a boat, PWC, boat trailer, PWC trailer, tow dolly, or tow vehicle that they would like to park in the storage lot may request rental of a storage lot space for the duration of their tenancy in the park, and if a space is available, shall pay the current rate for rental of the storage lot space.

5.A.3.h **Departure Notification** All tenants shall notify the Venture Three, Inc. office when they are leaving the Park at the end of the rental term. At that time, the tenants shall return any keys that they obtained from the Venture Three, Inc. office for which a deposit was paid. The deposits shall be refunded at the time the keys are turned in to the office.

5.A.4 Maximum number overnight guests allowed per unit is determined by the number of sleeping areas in the unit, and is based in part on the guidelines established by the Department of Housing and Urban Development (HUD). A unit is allowed a maximum of eight (8) persons, or two persons per sleeping area, plus two additional persons, whichever is less. This does not mean every unit is allowed eight (8) persons, but eight (8) is the upper limit when calculating the allowable number by the formula. A sleeping area is defined as an area containing a bed, futon, or sleeping sofa sized for two persons (one person areas reduce the allowable number accordingly).

5.A.5 **Basic Requirements** It is the owner's responsibility to ensure the basic services requirements for water, sewer, and electrical are met, and these services described are in good & working order. If it is known to Venture Three, Inc. that any of the three basic services are not in working order at the time of the registration, Venture Three, Inc. reserves the right to deny registration and the tenant's entry into the Park. In the event a tenant(s) (registered or unregistered) enters the Park and a unit that does not have the basic services operational, that tenant(s) shall be required to leave that unit upon notification by Venture Three, Inc. Insofar as rental activity is wholly between the owner (or the owner's agent) and the tenant, any effort on the part of the Board of Directors and/or personnel of Venture Three, Inc. to correct the deficiencies, if so asked by the tenant, owner, or owner's agent, will be billed to the unit's owner at a rate as established by the Board of Directors, and as amended from time to time, for all labor plus the costs of any/all materials and/or hired contractors.

5.B Tenants who demonstrate a willful disregard for the requirements of the Venture Three, Inc.'s documents and/or the rules for the Common Elements of Venture Three, Inc., or, whose behavior is in violation of the rules, could result in a written warning being issued to the unit's owner by the Property Manager on behalf of Venture Three, Inc., as well as the Constituent Association, requiring immediate and effective action on the owner's part in achieving correction action regarding their tenant's behavior. Failure on the tenant(s) part to comply could result in action(s) by the Constituent Association, which could result in fines being levied and/or the tenant(s) being required to leave the Park. Owners who chose to contract with a rental agent are not absolved of the ultimate responsibility for the conduct of the tenants. Further, behavior that is, under the laws of Florida and/or St. Lucie County, a felony or misdemeanor may result in the tenant(s) and/or guest(s) being required to leave the Park immediately upon notice.

5.C Owner Responsibility Insofar as Venture Three, Inc. has no contract with the owner's rental agent, Venture Three, Inc. will not negotiate with said rental agent for any matters of non-compliance with the Rules and Regulations by tenant(s), except as a matter of "good neighbor practice" in some cases where it is believed by Venture Three, Inc. that a quick resolution to an initial occurrence of a problem might be obtained. Venture Three, Inc. is not bound in any circumstances to try the "good neighbor practice" before contacting the owner.

5.D Non registration If Venture Three, Inc. becomes aware of any tenant occupying any unit who has not registered, Venture Three, Inc. shall attempt to contact the tenant and request that he/she comply with the registration requirements. Alternatively, a hang tag reminder notice may be left at the unit requesting that the tenant register at the Venture Three, Inc. office.

7. Road Use and Traffic Rules

7.A Speed Limits for Motor Vehicles

7.A.1 Operation of Vehicles All owners, tenants, visitors and guests shall operate their automobiles, trucks, motor homes, motorcycles, and golf carts (i.e., all motor vehicles) with due care, caution, and reasonable control at all times. No such vehicle shall be operated at speeds exceeding 10 miles per hour and the operator shall observe all traffic control signs.

7.A.2 Fines Failure to observe and follow all of the operational rules for motor vehicles, as established in subparagraphs 7.A.1 and others herein, by anyone operating a motor vehicle within Venture Three, Inc. (or any of its three Constituent Associations) could result in fines being levied by the applicable Constituent Association, suspension of granted privilege to operate a motor vehicle on the roadways, or other action taken including all enforcement actions permitted by Florida Statutes and the By-Laws and/or Rules of Venture Three, Inc. (and any of its three Constituent Associations).

7.B Pedestrian use of Roadways

7.B.1 Florida Law - Under Florida law, pedestrian regulations are set forth in F.S. 316.130 as part of the uniform traffic control laws. All pedestrians in Florida, whether inside of or outside of any section of Venture Three, Inc. are required to comply with the State laws.

Pedestrians are defined as all persons who may be using the Park roadways and are on foot or are using any one of a number of non-motorized, wheeled items, such as roller blades, skates, or scooters (human driven), and the like items. In no way is this meant to, nor does it limit the use of items intended for persons in need of assistance for walking, i.e. a walker, or some other mechanical device to include, but not limited to, a wheelchair, a motorized wheelchair, or a scooter-type assistance vehicle.

7.B.2 Yield Pedestrians using the Park roadways always have the right of way. All motor vehicles, bicycles, & tricycles shall yield to pedestrians.

7.B.3 Pedestrians shall stay to the outer most edges of the roadways, although it is recommended that pedestrians use the side of the roadway so that they are facing the oncoming motor vehicle traffic.

7.B.4 As motor vehicle traffic approaches, pedestrians shall endeavor to use a single file mode to avoid the motor vehicle having to use the wrong side of the road to pass.

7.B.5 Night Rules Pedestrians, between sunset and sunrise (hereinafter meaning night), should be mindful of the diminished visibility the operator of a motor vehicle might have (as opposed to that vision during daylight hours). In the interest of safety of everyone, pedestrians at night shall wear/carry a light (preferably a flasher) visible to motor vehicle traffic approaching on the pedestrian's side of the road. Alternatively, and it is recommended to be concurrently, pedestrians are encouraged to carry, in addition, a flashlight as a means of indicating their presence on the roadway. Pedestrians are encouraged to wear white or light clothing at night to increase their visibility to motor vehicle operators.

7.B.6 Pedestrians, between sunset and sunrise , are prohibited from using any of the wheeled items defined in 7.B.1 above, and as such, are limited to foot traffic only. The exception to this restriction is persons needing assistance as defined in 7.B.1 above. However, such persons must have sufficient lighting to effectively make their presence unquestionably known to approaching vehicular traffic coming from the front, sides, and rear, as a part of or otherwise attached to the assistance device or on the assisted pedestrian.

7.B.7 Skateboards Insofar as Venture Three, Inc. does not have safe nor dedicated facilities for skateboarding, the USE OF SKATEBOARDS and/or HOVER BOARDS IS NOT PERMITTED, nor is the use of any similar item(s) that may yet come to the marketplace, at any time on any of the common elements of Venture Three, Inc. Owners are responsible to ensure that all tenants & guests (including family members) are made aware of the restriction prohibiting the use of skateboards/hover boards, et. al.

7.C Bicycles, Tricycles, and Skateboards

7.C.1 Under Florida law , bicycle regulations are set forth in F.S. 316-2065 as part of the uniform traffic control laws. All bicyclists in Florida, whether inside of or outside of Venture Three, Inc., or any other section of Venture Three, Inc., are required to comply with State laws.

Bicycles and tricycles shall be operated and maintained in accordance with Florida Statute (hereinafter F.S.) 316.2065 and as required by the following:

- 7.C.1.a Bicycles and tricycles must be human-powered otherwise they are considered motor vehicles subject to the motor vehicle rules.
- 7.C.1.b A bicycle or tricycle rider who is under 16 years of age must wear a bicycle helmet that is properly fitted and is fastened by a strap in accordance with F.S. 316.2065(3)(d).
- 7.C.1.c A bicycle or tricycle may not carry more persons at one time than the number for which it was designed (excluding infants and children carried by an adult in an industry-approved child seat accessory or in a backpack-type carrier) in accordance with F.S. 316.2065(3)(a).
- 7.C.1.d Any person operating a bicycle or tricycle at less than the normal speed of traffic, at the time and place, shall ride as close as practicable to the right-hand edge of the roadway, unless conditions at the time do not permit safe operation in accordance with F.S. 316.2065(5)(a).
- 7.C.1.e Persons riding bicycles shall not ride more than two abreast and shall not impede traffic when operating at less than the normal traffic speed in accordance with F.S. 316.2065(6). Persons operating tricycles may not ride two or more abreast.

- 7.C.1.f Every bicycle and tricycle must be kept in good operating and safe condition.

 - 7.C.1.g.2 A visible rear red light and red reflector. The red light showing to the rear may be a taillight or a red light/flasher worn on the operator's back, for example. A red reflector alone does not meet this requirement for a red light showing to the rear.
- 7.C.1.h Every bicycle and tricycle shall be equipped with brake(s) that will enable its rider to stop safely in a normally expected manner in accordance with F.S. 316.2065(14).

Unit owners will be billed for all trimming done at their unit.

10.A Dates of the season are June 1st to December 1st.

10.B All Recreational Vehicles , when the tow vehicle and the owner are not in residence, must be removed from the unit's lot to either the storage area or off Park property prior to June 1st. For RVs, when the owner & tow vehicles are in residence, the RV must be removed from the unit's lot to either the storage area or off Park property within 24 hours of the issuance of a hurricane warning for the Park area. This applies only to mobile RVs and not to those RVs that are permanently tied down, per Florida statutory requirements and Florida administrative regulations.

- 10.C All trailer-able boats** and Personal Water Craft (PWCs), including those in the storage area, either on or off their trailers, must be tied down per Florida statutory requirements and Florida administrative regulations, or immediately removed from the Park when a hurricane warning is issued. Absentee owners shall make their boats and PWCs secure as required prior to owners leaving the Park, or shall have made arrangements for a designated person or service company, in the event of a hurricane warning, to secure their boats and PWCs as required, or alternatively have same removed from Venture Three, Inc. property.
- 10.D Secure watercraft** Owners shall, in an adequate manner, secure all boats and PWCs on lifts to the lifts and to the dock structure to ensure the craft will remain in place on their lifts during a hurricane or other high velocity winds. Absentee owners shall make their boats and PWCs secure as required prior to owners leaving the Park or shall have made arrangements for a designated person or service company, in the event of a hurricane warning, to secure their boats and PWCs as required, or alternatively have same removed from Venture Three, Inc. property.
- 10.E Marina** Owners shall, in an adequate manner, secure all boats in the marina to the docks and to the concrete structure of the slip to ensure the craft will remain in place in their slips during a hurricane or other high velocity winds. Absentee owners shall make their boats secure as required prior to owners leaving the Park or shall have made arrangements for a designated person or service company, in the event of a hurricane warning, to secure their boats as required or alternatively have same removed from Venture Three, Inc. property. The boat owner is responsible for any damage to the marina infrastructure caused by the boat in high velocity winds or by a flooding condition.
- 10.F Seawalls** During hurricane season, boats and PWCs shall not be left in the water adjacent to the seawall at any unit for which the owner is absent. Unless the unit is equipped with a boat lift and the boat or PWC is secured, all such boats or PWCs shall be removed from the unit to either the Venture Three, Inc. storage area (and appropriately tied down in storage), or removed to off Venture Three, Inc. property. Absentee owners shall make these provisions for their boats and PWCs prior to owners leaving the Park for the season. Resident owners shall, in the event of a hurricane warning, remove all boats and PWCs from the water as required.

10.G Personal Property As discussed in section 2.A.15 above, each Unit owner shall properly secure all personal property on his respective Unit against the hazard of high velocity winds. During hurricane season, if an owner is not in residence in the park and has left personal property on his unit that may be a hazard during a high velocity wind storm or hurricane, Park personnel may remove that personal property and store it. The same applies to any owner in residence who may leave personal property that may become a hazard in the event of a hurricane warning, and who may have evacuated as a result of the warning, or cannot otherwise be contacted. The lot owner may retrieve his personal property upon payment to Venture Three, Inc. of the reasonable cost of removal and storage. Failure to make such payment and to retrieve the personal property within 30 days after return to the park will result in disposal of the property by donation, sale or otherwise.

10.H Hurricane tie down rules will be strictly enforced. If an owner is advised by the Board of Directors to make corrections, they must be made within 30 days of such notice. Failure to take such remedial action as is necessary may result in Park personnel securing the property at cost to be charged to the lot owner.

11. WORK BY CONTRACTORS & TRADES, PROFESSIONAL, AND COMMERCIAL PERSONS

11.A Projects For all projects such as, but not limited to, the construction of a new dwelling or the installation of a modular home, the property owner, the General Contractor, the Venture Three, Inc. Property Manager, and a representative from the applicable Association's Building Committee shall meet prior to the formal submittal of the Form #101 to ensure that everyone involved understands and will follow all the construction related rules. The Building Committee shall be responsible for attaching a copy of the complete Rule 11 to each Form #101 prior to the meeting. The principal parties shall sign the form #101 at that meeting. Their signatures are evidence that they understand the construction rules and will comply with same. The Building Committee may require, or waive, the requirement, at their discretion, for this meeting for projects of lesser scope.

11.A.1 Construction work is defined as all work at any unit performed by a building contractor, subcontractor, material delivery personnel, laborers, and service technicians (hereinafter contractors) for purposes of construction, remodeling repair or servicing of a site built home, modular home, park model home, or any components thereof, including by not limited to HVAC, electrical or plumbing maintenance and replacement services.

11.B Construction Work Hours & Limitations Construction work and all delivery & construction vehicles, such as, but not limited to, cement mixers, cranes, flat bed delivery trucks, box trucks, cement pump trucks & trailers, etc., shall be limited to the hours between 8:00AM and 6:00PM on Monday through Saturday, and no work shall be conducted on Sundays or holidays, with holidays defined as New Year's Day, Memorial Day, Independence Day, Labor Day, Thanksgiving, and Christmas, except for work that is required in emergency situations. No work, including "prep work" or "set up" work shall begin prior to 8:00AM and no work, including "cleanup" shall occur after 6:00PM except for work required in emergency situations AND then only with prior authorization from the Venture Three, Inc. Property Manager or the pertinent Association's President, defined by but not limited to the following:

11.B.1 Except for work required in emergency situations , all contractor, business, construction, & professional persons who have the purpose of performing work, inside or outside of residences, and their vehicles (including personal vehicles used for transport to a work site) shall not enter Venture Three, Inc. prior to 8:00AM on workdays specified above.

11.B.2 Except for work required in emergency situations , all contractor, business, construction, & professional persons and their vehicles shall leave Venture Three, Inc. by 6:00PM on workdays specified above, unless in a specific circumstance an extension of hours is absolutely required, justified, and pre-arranged with the Property Manager of Venture Three, Inc. The Property Manager shall exercise his best discretion in both exercising these rules and resolving issues as they arise. When that discretion results in a deviation from these rules, the Property Manager or designee shall report the deviation to the pertinent Association's Board of Directors, with the intent being to define further guidance.

11.C **Contractor Supervisor** The general contractor shall have a qualified & designated supervisor on site, or alternatively, make available a phone number that will be answered by a responsible, supervisory individual, at all times during the work hours when workers are present, or when deliveries are being made when the general contractor is not present on-site. The names and phone number (those readily answered by the individuals) of the general contractor and the designated supervisor shall be conspicuously posted near the roadside of the construction/work site.

11.D Parking of Contractor Vehicles Contractor vehicles that are needed for the actual construction process shall park all on the same side of the roadway and shall not block access to any driveway, excluding that of the unit where the work is being performed. On site vehicles are limited to those that are actively used in the construction process, and exclude all vehicles used as daily transportation of construction personnel. Those excluded vehicles shall obtain a parking pass by prior arrangement with the Venture Three, Inc. office for parking in the parking lot located north of the swimming pool. Under no circumstances (see exception) nor for any length of time, albeit “short”, shall any contractor/construction vehicles block the roadway. There shall always be one lane left open. The only exception to this requirement is when an oversize vehicle, such as, but not limited to, a crane or a concrete pumper needs to be on site and block the road. Such an event must be planned for the shortest period of time possible/practical, be pre-coordinated with the Property Manager in the Venture Three, Inc. office at least 48 hours in advance to allow for notification to the affected residents. For all hours when the roadway is so blocked to traffic, the contractor shall place signs at the closest intersections to the closure in both directions that clearly state the road is closed to thru traffic. Signage should be placed to effectively close the roadway, but also allow for passage of vehicles that belong to residents of the closed section(s). The contractor must be prepared to immediately, upon notice, open the road for access by emergency vehicles, should conditions so dictate.

11.E Parking Location Contractors not associated with a construction project (meaning usually not a dwelling construction or installation), or others engaged in repair, service, maintenance, or delivery activities, shall endeavor to park in front of the unit at which they will perform service (multiple vehicles shall be parked all on the same side of the roadway), shall not block access to any driveway (excluding the unit being serviced), and shall park such that the roadway is not blocked, and at least one full lane is open to thru traffic. Should complete blockage of the roadway be unavoidable, the provisions of Para 11.D regarding road closure apply. In any case, except for a unit under construction, vehicles of said person(s) shall not park on the soft surfaces at units.

11.F Parking Damage Contractors who have vehicles parked in front of a unit that is the subject of a work being performed for an owner (or another contractor), or alternatively nearby, in the roadways are responsible for damage to the roadway surface from those vehicles by things such as, but not limited to, oil, fuel, or other leaks, compressive failure from extreme weight, stabilizer pads, concrete spills, paint or other chemical spills, etc. The General Contractor and the Venture Three, Inc. Property Manager shall, prior to the start of construction, mutually agree on the condition of the roadways in the immediate area and the Property Manager shall make a photographic record of the roadways that shall be attached to the project file. The contractor & the general contractor shall be responsible for the cleaning of the roadways and/or the cost of cleaning & repair. Spills & leaks are to be cleaned up daily and not allowed to penetrate the paving or otherwise harden and become more difficult to remediate. Failure to comply could result in a stop work order being issued pending the resolution of the condition or problem.

11.G Owner Liability The owner will be liable for any damages to any common utilities, common area, roadways, and neighboring property caused by the owner or his contractors.

11.H Owner responsibility It is the owner's responsibility to see that all contractors maintain the common elements and the roadways used in a neat, clean and safe condition at all times; not permit building materials to be stacked, piled or located outside the boundaries, e.g., on the common elements or roadways; that all neighboring property and common property is respected, not utilized without permission, and remains undamaged or, in the event damage is done, that it is repaired in a timely manner, and that there is a complete cleanup of any/all infringement(s) after any type of construction/repair work.

11.I Owner's responsibility for access If any area is covered with concrete, pavers, garden plants, grass, or other material that belongs to the owner, where underground utilities may be installed, it will be the owner's responsibility to remove (or have removed) and replace said material(s) if the utility must be made accessible for servicing.

11.J Owners Responsibility for hired services The content of rule 11., et. al., notwithstanding, the unit owner is ultimately responsible for the performance of contractors, businesses, construction & professional persons contracted or hired by them or their contractor(s) in complying with the rules and shall respond in a timely manner to issues and complaints that the Board of Directors, the Property Manager, and/or the Building Committee bring to the owner's attention for resolution.

12. Easements

12.A Reserved Easement An easement ten(10) feet in width is reserved along the inside of and across each of the unit lines of each unit in the Subdivision for installation and maintenance of utility services, and it is understood that such easement may be used by the condominium, the management agent (at this time being Venture Three, Inc.), and/or its assigns, for such installation and maintenance, as the case may be, for service either to the Condominium property or other property or projects of the condominium in the general area of the Condominium.

13. Conflicts

13.A In the event of any conflict , between the rules and regulations contained herein, and as from time to time amended or adopted, or any of the Associations' documents, and the Condominium Act or the Homeowner's Association Act (as they apply to units), the Condominium Act or the Homeowner's Association Act shall prevail.

14. Notification of Rule Violation

14.A Owner Notification of Violation . It is the responsibility of the Board of Directors to enforce the Rules and Regulations. Owners and/or tenants will be notified, in writing, when a violation occurs and upon receipt of such notification, the owners and/or tenants will have 30 days to correct the violation. However, during emergency situations, which include but are not limited to hurricanes, or during other situations that create an immediate health or safety hazard to other Owners and/or Tenants, or to any unit or common area, or to any construction or personal property, the Venture Three, Inc. Board of Directors, in the exercise of its discretion, shall give such notice as is reasonable under the circumstances, and shall determine a reasonable period of time in which the violations must be corrected. This reduced time notice shall not be less than 24 hours and shall be as close to 30 days as the immediate situation allows.

STORAGE LOT RULES

**Appendix E
to
By-Laws, Article XI, Section 3 (cont.)
Rules and Regulations, Rule 3.H**

**As Amended
January 17, 2024**

These rules have been created by and approved by the Venture Three, Inc. Board of Directors. Any and all amendments shall be drafted by and approved by the Venture Three, Inc. Board of Directors. All questions and issues regarding the interpretation, application, and enforcement of the Rules & Regulations of this Appendix shall be directed to the Venture Three, Inc. Board of Directors for resolution.

This amendment modifies Appendix E in its entirety. All prior Rules & Regulations relating to the Storage Lot are no longer in effect and are replaced in their entirety by this Appendix. These Amended Rules, as adopted by the Venture Three, Inc. Board of Directors, are binding upon all unit owners, tenants, guests, & Storage Lot lessees.

Said Amended Rules are as follows:

3. Storage Lot

3.A DEFINITIONS. The following definitions apply to this appendix:

Unit - V3 home/lot

Space - Storage lot space

Tenant - renter of a V3 home/lot

Rent/renter - lessee of the storage space

3.B Venture Three, Inc. (V3) offers rental space in the Storage Lot. Storage is limited to only one vehicle, RV, boat/trailer, or utility trailer per storage space. Rental contracts are renewed monthly or annually.

3.C Storage Space Rental Eligibility and Required Documentation

3.C.1 Only V3 owners or registered tenants, OR Holiday Out, Inc. owners may rent a storage space. (Holiday Out rentals are monthly only and may rent only one storage space.)

3.C.1.a Storage rentals for V3 owners are associated to the unit, not tenant or owner. Therefore, if an owner has multiple units, each unit is evaluated separately when setting the eligibility priority.

3.C.1.b If an owner sells a unit associated to a storage space, the rental agreement for the storage space will be canceled on the date of closing and all property must be removed.

3.C.1.c If a tenant is renting a storage space and their unit lease expires, the rental agreement for the storage space will be canceled and all property must be removed. If the tenant returns at a later date, they may put their name back on the waiting list.

3.C.1.d V3 will then use the normal priority process to rent that space.

3.C.2 Proof of unit ownership in V3 or Holiday Out, or a valid rental agreement must be provided at time of rental.

3.D Prohibited:

3.D.1 Transfer or sub-let of space.

3.D.2 Storage of any items other than one vehicle, RV, boat/trailer, or utility trailer.

3.D.3 All storage must not be unsightly. Open utility trailers may not be used to store visible items.

3.D.4 Use of space for other than storage, such as residential, car repair, woodworking, etc.

3.D.5 If tarps are used to cover items, they must be secured and not torn.

3.D.6 Repairing of, maintenance of, construction in or on, and painting or paint removal of any kind in the storage space. Limited minor repairs are allowed.

3.D.7 Plastic sheeting, tarpaulins, and the like for ground cover. Addition of ground fill or lot modification is not allowed.

3.E Additional Requirements:

3.E.1 All propane gas tanks must be turned off.

- 3.E.2 All trailers, motor homes, and other stored items must be kept with steps, tip outs, slide outs, doors, awnings, and other moveable projections in closed positions to present a minimum profile.
- 3.E.3 Portable generators and on-board generators may be operated only while the renter is present in the storage space.

3.F Storage Waiting List

- 3.F.1 If all storage spaces are rented, a waiting list of potential renters will be kept in the V3 Office.
- 3.F.2 The waiting list will be maintained showing the Priority Code (as established below), date requested, unit#, and lot size preference (small, medium, large, or next available). The list is sorted by Priority, then date. When a storage space becomes available, the first unit on the list will receive the next storage space, dependent on lot size preference.
 - 3.F.2.a Priority 1 – A V3 unit that is not currently renting a storage space. (If either the owner or the tenant is already renting a storage space, the other party's request will be considered Priority 2.)
OR, if a V3 unit has only one storage space rented but wants to switch to a different size storage space, the request will be added to the Priority 1 list.
 - 3.F.2.b Priority 2 – V3 unit that already has one or more spaces assigned but wishes another one. These spaces may only be rented when no Priority 1 entries are on list.
 - 3.F.2.c Priority 3 - Holiday Out owners. If no higher priority names are on the list, Holiday Out owners may rent on a monthly basis. However, if any Priority 1 or Priority 2 V3 unit applies for a space, the Holiday Out rental will be canceled.

Additionally, vessel owner agrees to follow all safety precautions that may be issued or recommended by the U.S. National Hurricane Center, U.S. National Weather Service, U.S. Coast Guard, Venture Three, Inc. or any other applicable agency.
- 3.I.16.d Each slip lessee shall be responsible to ensure that all necessary precautions are provided for the security of their vessel.
- 3.I.16.e A slip lessee shall be responsible for any damage to their vessel or damage caused by the lessee or lessee vessel to the marina docks, pilings and hardware.
- 3.I.16.f In the event Venture Three, Inc. considers it necessary, a slip lessee, upon notice, shall be required to relocate their vessel within the Marina, or to remove the vessel from the Marina, to avoid damage to the vessel, Marina docks, pilings, or hardware.
- 3.I.16.g If a slip lessee is absent during the NOAA designated hurricane season, then said lessee must prepare the slip and secure or remove, as appropriate, the vessel prior to departure. Additionally, an absent slip lessee shall identify to the Venture Three, Inc. office the name(s), address and telephone number(s) of such firm or individual(s) who are designated to care for the slip and vessel during the period of absence. Notwithstanding the right of Venture Three, Inc. to enforce the foregoing requirements, Venture Three, Inc. shall not be liable to any member or other person or entity for any damage to persons or property caused by a lessee's failure to comply with such requirements.
- 3.I.16.h All vessels moored in the marina shall be maintained in seaworthy condition. A vessel which is left in the Marina for an extended period of time and allowed to deteriorate shall become subject to actions by the Board of Directors with the intent that the vessel either be repaired by the lessee or otherwise removed from the Marina. A lease on a slip does not convey to the lessee the right to virtually abandon a vessel on site even if the fees for the slip are maintained current.
- 3.I.16.i Should any vessel sink in the marina, it shall be the responsibility of the lessee to remove the vessel from the marina within forty-eight (48) hours, or, alternatively present a plan for the removal which shall be accomplished in a mutually acceptable time frame. Any damages to the Marina from the sinking of the vessel or by the removal are the responsibility of the lessee. In the event a sunken vessel is not removed as provided herein, Venture Three, Inc. reserves the right to have the vessel removed and to bill the lessee for all costs of removal incurred.

- 3.I.16.j From time to time, Venture Three, Inc. or the Board of Directors may require any vessel to relocate for purposes of maintenance or repairs to the marina.
- 3.I.16.k Major repairs and/or refitting of vessels at dockside are prohibited. Normal light maintenance to keep the vessel clean and operational is permitted insofar as contaminants are not released from the vessel into the waterway or onto the surrounding Marina structures. Maintenance on watercraft is limited to those functions which do not discharge any material, solid or liquid, other than clean water into the waterway.
- 3.I.16.l The handling, storage, transportation and disposal of hazardous or toxic material shall be prohibited within the marina; provided, however, that this shall not prohibit the proper handling, storage and transportation of petroleum products used by a slip lessee in connection with the operation of the vessel. Venture Three, Inc. shall have the right to immediately remove, or cause the immediate removal of, any hazardous or toxic material within the Marina. Federal law requires the notification by each owner/captain of any spill to the United States Coast Guard.
- 3.I.16.m The sidewalks, marina slips, docks, piers, catwalks, parking areas, entrances and like portions of the marina shall not be obstructed nor used for any purpose other than for ingress and egress to and from the marina; nor shall any carts, tables, dock boxes, maritime equipment, or other objects be stored anywhere on or about the marina. Hoses are to be hung on provided hose hangers and not left on dock or walkway. Mooring lines are to be hung on provided rope hangers and not left on dock or walkway. Electrical lines are to be removed from pedestal and stored aboard vessel when departing. Hoses, mooring lines and electrical cords shall not cross or obstruct the use of piers or walkways. Electrical cords or hoses are not to be wrapped around pedestal base under any circumstances. Any such violations shall be enforced by Venture Three, Inc. Failure to correct any such violation may result in removal of the equipment.
- 3.I.16.n Lessees are not authorized to make any changes, additions, or modifications to slip pilings, docks, walkway or pedestals.

- 3.I.17.a No person shall discharge sewage, wastewater, fuel, oil, spirits, flammable liquids, or oily bilge water into the marina waters and/or adjacent channels. Nothing other than clean water shall be allowed to enter the waterway. All refuse, trash, and/or garbage shall be removed from the marina by lessee. This includes engine oils, filters, spirits, combustible liquids, and like hazardous waste materials. The disposal of these items in the proper and approved manner is the responsibility of the slip lessee. In the event of inappropriate disposal in the Marina area, the lessee will be responsible for all clean-up costs and is subject to termination of the slip lease in the event of a subsequent violation.
- 3.I.17.b Vessels that are in a Marina slip shall not be used for any live-aboard purpose, including overnight stays. This does not preclude normal maintenance and cleaning; however, any type of residential use is prohibited. Discharge of a marine head or holding tank is forbidden.
- 3.I.17.c Charcoal or open flame fires will not be permitted on docks or vessels at any time. No flammable, combustible or exposed fluids, chemicals or substances (other than fuel and oil in the vessel or in the vessel's engine system) shall be kept in any marina slip, vessel, or in the marina or Venture Three, Inc. However, non-petroleum solvents and cleaning substances may be kept in a safe manner and in accordance with all applicable fire codes and insurance requirements.
- 3.I.17.d All transportation vehicles must be parked in areas designated by Venture Three, Inc. - 3.I.17.f Noise shall be kept at a minimum at all times. Members, slip lessees, guests and invitees shall use the utmost discretion in operating main engines, radios, televisions and/or other equipment so as not to create a nuisance or disturbance in the marina. Any such violation identified to the respective vessel shall be corrected immediately. Failure to comply can result in termination of the slip lease.

- 3.I.17.g The use of spotlights, floodlights and/or other lighting in such manner as to affect the safety and/or comfort of others is prohibited, except that lighting which is provided by Venture Three, Inc. No member or slip lessee shall permit permanent lighting on or near his or her marina slip or vessel, which adversely affects the lighting scheme at the marina, including use of tower lights, spreader lights and all decorative vessel lighting.
- 3.I.17.h Any use of a generator at the marina requires the prior approval of the Board of Directors, the Property Manager, or the Operations Committee.
- 3.I.17.i No swimming or diving is permitted in areas of the marina, except for bottom cleaning of the boat. No fishing will be allowed. No fish or other marine life of any kind shall be cleaned, prepared or processed in any manner on any vessel or marina slip on Venture Three, Inc. property except in an area specifically designated for such use by Venture Three, Inc.
- 3.I.17.j Laundry shall not be hung or spread to dry or air in public view, from any vessel or marina slip. Decks of all vessels docked at the marina shall be kept free and clear of all debris, bottles, papers, trash and unsightly material at all times.

- 3.I.17.l Deleted in its entirety 1/19/2022.
- 3.I.17.m Advertising or soliciting shall not be permitted on or from any vessel moored at the marina. One (1) "For Sale" sign is permitted, but must not exceed 24" x 24" and must be of durable weatherproof material.
- 3.I.17.n Strict compliance with manatee warning signs is required by slip lessees, vessel operators, and all guests and invitees.
- 3.I.17.o Sailboat owners are required to tie off halyards. If this is not done and the slapping of halyards occurs, the Board of Directors shall be authorized to tie off halyards and charge the nominal fee as established from time to time.
- 3.I.17.p No illegal activity shall be conducted on the premises of the marina at any time.

3.I.18 Rules Violations:

- 3.I.18.a Violation of any of these Rules and Regulations by any member, slip lessee or their guests or invitees, which might injure a person, cause damage to property, be considered in bad taste by the Board of Directors, or cause harm to the reputation of the marina and Venture Three, Inc., shall entitle Venture Three, Inc. to exercise any remedy available at law or in equity and shall be a cause for immediate removal of the vessel and the person(s) in question from the marina. An order of the Board of Directors shall be deemed sufficient reason to deny future requests for lease of a slip.
- 3.I.18.b All persons using the marina facilities are responsible for the compliance of these Rules and Regulations.

3.I.19 Liability:

- 3.I.19.a All persons using the marina or the channels adjacent to the marina, assume all risk of injury, loss or damage to himself or herself, his guests, agents, employees and invitees and to his or her vessel or its appurtenances or contents, including any loss or damage arising out of or due to adverse weather conditions. - 3.I.19.c Venture Three, Inc. shall not be liable for any injury to persons or property occurring at the marina, or for any theft of, or from any vessel, regardless of whether or not the loss, damage or claim results from Venture Three negligence. Venture Three, Inc. shall not have any liability for the care or protection of any vessel, and each member and slip lessee agrees to indemnify and to hold harmless Venture Three, Inc. against any such loss, damage or claim arising out of the member's or slip lessee's or their family members, guests, agents, employees or invitees, use of the marina and/or Venture Three, Inc. or the operation of a vessel at or around the marina and Venture Three, Inc., whether or not the loss, damage or claim results from Venture Three, Inc. negligence or from adverse weather conditions.
